Education

Indira Gandhi Delhi Technical University for Women (IGDTUW) 2025 – 2027
Master of Computer Applications (MCA)
Current CGPA: 9.18/10

University of Delhi 2021 – 2024
B.Sc. (Hons.) Computer Science
CGPA: 7.89/10

Professional Experience

Software Developer Intern May 2026 – Present
EximHub

Developing **production-ready web applications** using **React, Vite, JavaScript, HTML, CSS, and Git**. Contributed to the live client platform **ImportWiz** by building the **Home, Certification, Resources, and About** modules. Worked on **AI-powered email automation, Hostinger deployment**, backend integration, and collaborated directly with clients to deliver scalable business solutions.

Projects

Machine Learning Based Autism Prediction System
Python, Scikit-learn, Pandas, NumPy

Built a **machine learning classification model** using **Random Forest** to predict Autism Spectrum Disorder. Performed **data preprocessing, SMOTE-based class balancing**, feature engineering, and model evaluation using accuracy, precision, and recall metrics.

DermaVision — AI Skin Disease Detection
Python, TensorFlow, Keras, CNN, OpenCV, Flask

Built an **AI-powered skin disease classification system** using Convolutional Neural Networks (CNN). Implemented image preprocessing, data augmentation, and an end-to-end prediction pipeline for skin disease recognition. Currently enhancing the project with **Grad-CAM visualization, confidence scoring, and an improved web interface** for better explainability.

Food Recipe Application
Java, Retrofit, REST API, GSON, Picasso

Developed an Android application that allows users to discover recipes in real time using the **Spoonacular API**. Implemented efficient API communication through **Retrofit**, parsed JSON responses using **GSON**, and optimized image rendering with **Picasso** to provide a smooth user experience.

Technical Skills

Languages: Java, Python, JavaScript, C++, SQL
Frontend: HTML, CSS, React, Vite
Backend: REST APIs, Flask
AI/ML: TensorFlow, Keras, Scikit-learn, OpenCV, Pandas, NumPy
Database: MySQL
Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Tools: Git, GitHub, VS Code, Postman, Jupyter Notebook

Achievements

1st Prize — SANKALAN (University of Delhi) • Winner — Web Designing Competition • Completed **DSA in Java**
• Earned **Java Skill Badge (**)**

Leadership

Event Manager, Fashion Society • **Coordinator**, ANANTA Science Society — Organized college cultural and technical events, including participation at **IIT Delhi**.
